

COMMERCIAL SOIL CONDITIONER SKID STEER ATTACHMENT

This versatile unit rakes stones and debris to either side or straight ahead for easy pickup. The aggressive teeth on the large-diameter rotor pulverize soil like an ordinary tiller, with the benefit of faster ground speed.

The Commercial Soil Conditioner separates rocks, tears up sod, and pulverizes dirt clods

It creates perfect seedbeds and windrows

We rake and till deeper than any of our competitors – as deep as 4"

Commercial Soil Conditioner

Optional:
Pistol Grip Control Harness is required if skid steer is NOT equipped with attachment control system. (Only needed when ordering hydraulic angling model).

• **Large solid rubber tires** allow easier maneuverability over rough terrain

Large 10" rotor

• **Direct-Drive motor** gives higher production with lower maintenance

Optional:
Wire Harness for hydraulic models with attachment controls. Fits Cat/ASV (8-pin) and John Deere/New Holland/CASE/Bobcat (14-pin).

FEATURES & BENEFITS

- Direct-drive motor turns large 10" rotor
- Large solid rubber wheels
- Tungsten – carbide teeth
- Works great in tight areas
- Power angling (optional)
